### Acute Deficit Seen This Year By City Schools

The Escanaba Board of Education last night discussed at considerable length an acute financial problem confronting the school

district in the present fiscal year. The school budget for the year was carefully examined and decistotalling \$28,000. Despite this cut, | County. however, a deficit of \$43,054 is indicated. Supt. John Lemmer reported that the deficit could be reduced an additional \$15,000 in the event state school aid surplus funds are received but this will not be known for several months.

A further reduction would result if the county assessed taxes on the basis of the state equalized valuation rather than the county equalized valuation.

The school board adopted a resolution advocating that the assessment be based upon the state equalized figures, which are considerably higher than the county's

The total estimated expenditures are \$616,801 and estimated receipts only \$573,746.

The deficit is caused by the loss of state aid through the transfer of students from the public to parochial schools and the change in the system of paying state aid.

The board approved the purchase of property at 200 S. 6th St., owned by Loyal McLeod, at a price of \$6500. Bonifas funds will be used for the purchase. The property is desired for expansion of school building site of the Franklin school.

Approval of the new London agreements depends upon what the strong supporters of the old EDC now do in the French National Assembly. Will they give their assent? Or will they impose conditions which are tantamount to a rejection in that they would require the reopening of the negotiations which have just been concluded?

The hard core of EDC supporters is among the Popular Republicans or Catholic Democratic party and in one wing of the Socialist party. They are moved by fear on a German national army and by their faith in the political federation of Western Europe as a guaranty against what they fear. But EDC is dead. They are now confronted with the fact that while they were not strong enough to carry EDC they may be strong enough to spoil the London substitutes for EDC.

The real question is whether or not the old supporters of EDC some of them the embittered enemies of Mr. Mendes-France, will participate in what amounts to a spoiling operation. For any new list of conditions that must be met before the Assembly will ratify means that the French government has once again to reopen matters that have already been agreed to by the allies of France. This would be universally regarded as a spoiling operation.

#### NO ALTERNATIVE

Before that is attempted, the true believers in EDC should make sure that they realize the consequences. They must not imagine that because London was a success after the failure of EDC, there could be another success after the failure of London. London was a success because namely, a European system in which Britain is engaged as a principal power. There that is to say, that the supporters of EDC would care to think about. If the London agreement is rejected, or if it is spoiled, the another nine-power plan.

France will be in the position of having rejected not only a reconciliation with Germany, which would be very serious, but also a European alliance with Great Britain, which would be disastrous. After that, not much would be left of the substance and almost nothing of the spirit of the Atlantic alliance. A spoiling operation, carried out under the banners of European integration, would in fact destroy the only European system which can now be formed. A failure to ratify in the hope of re-

### School Board Accepts Bid

The Manistique Board of Edueation Tuesday night accepted the low bid of Don Hoholik to supply a 300-gallon hot water tank and heater for the Lincoln School.

A total of three bids was received. Others were from Ed Busch, \$447; and Robert Curley, \$443. Hoholik's offer also was for a larger tank than the other two. Installation will be completed by Nov. 5. Hoholik stated.

In other business Tuesday night, the board gave its approval for the superintendent to call for bids on a school audit, now required annually; and also authorized purchase of 25 folding chairs.

During the meeting, Supt. A. F. Hall reported a second grade teacher is still needed, but otherwise the school staff is complete.

Iron Mountain, Escanaba's grid foe this Saturday afternoon, doubled Menominee's first down output last weekend although the Maroons won the game 7-0 . . . The Mountaineers had 10 first downs to five for Menominee . . . But they had three passes intercepted and one of them went for the only TD of the game in the final period.

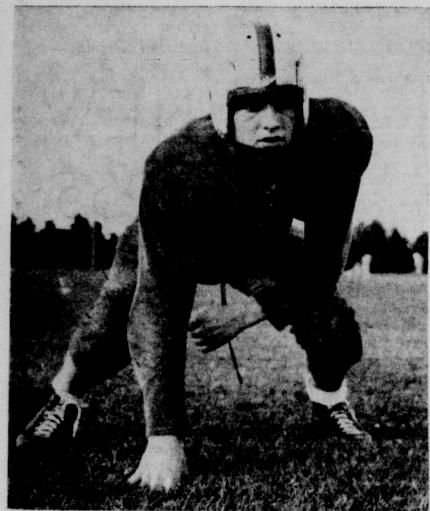

The Minnesota Gophers, fast coming to the fore in the eyes of Big Ten football followers, have only three players on the squad from out-of-state . . . And one of them is Mickey McMahon of Iron River, former All-U. P. and All-State halfback . . . Mc-Mahon has not seen action with the Gophers this season.

Bowling in the K. C. Wednesday night major league recently, Belle Abel of the Stop & Shop team picked up the 4-10 split . . . And in the same evening's bowling Pearl Curtis of Stegath's rolled a perfect spare game totalling 175.

The Ironwood Jets recently turned down an invitation to join the Northern Michigan Hockey League (which now includes Soo, Ontario) because of the distance of travel which would be involved . . . Ironwood last year was a member of the Northern Hockey League which also included Stambaugh, Eagle River and Rhinelander.

When Michigan Tech and Northern Michigan colleges meet on the Houghton gridiron Saturday night at 8, Jim Nyquist of Escanaba will be on the Tech side of the field and George Neurohr and Joe Corbiel of Gladstone will be on the Northern side.

Both Gladstone and Escanaba High School junior varsity teams will see football action this weekend . . . The Braves Bees will meet Negaunee at Gladstone Friday afternoon at 3 . . . The Eskymo Bees will meet the Iron Mountain reserves here Saturday at 12:30.

ESKYMO GUARD-Bob Ferguson, regular guard for the Escanaba Eskymos, is earning his second varsity football letter this year. Ferguson, a likely starter against Iron Mountain Saturday afternoon is a senior, standing 5-10 and weighing 165. (Daily
